New Books on Bullying

Through a grant obtained by the Salt Lake School District, Whittier Elementary has several new books on bullying this year. These books include topics such as cyberbullying, standing up to bullies, how to know if you're a bully, what to do if you are bullied, how to stop bullying, bullying with words, and group bullying. We have also acquired books about respecting various people from different cultural backgrounds. These books are aimed at learning about someone who may be different than you and appreciating your differences.

Public Libraries

As Whittier Elementary school year draws to a close, don't forget that the public libraries are a fun place for families and kids to hang out during the summer! A list of current events happening at all Salt Lake City area libraries can be found at the following website <http://slcpl.org/events>

Country Books

Once again, this year we have been very fortunate to receive a sizeable donation for our library from an anonymous donor. We were able to add beautiful, eye-catching books about 46 different countries from around the world to our collection. It has been fun to watch students at our school explore these new books which have up-to-date information and appealing formats.
